Your accrued bonuses up to the date of first unpaid premium will not be reduced; however any bonus payable for the policy year of premium discontinuance shall be reduced proportionately to the unpaid premiums in that policy year. There will be no further accrual of bonuses.

**Maturity Benefit**

In the event the life insured survives to the end of the policy term, we shall pay to you:

- Accrued regular bonuses
How does the plan work?

Some benefits are guaranteed and some benefits are variable with bonuses based on the future performance of the participating business and economic conditions. If your policy offers guaranteed returns then these will be clearly marked “guaranteed” in the illustration table on this page. If your policy offers variable returns then the illustrations on this page will show two different rates of assumed future investment returns. These assumed rates of return are not guaranteed and they are not the upper or lower limits of what you might get back as the value of your policy is dependent on a number of factors including future performance of the participating business. In the illustration below, the Sum Assured is fully guaranteed. The total death benefit is not guaranteed and is determined using assumed future investment returns of 4% and 8% as set by the Life Insurance Council.

¹As explained earlier

Surrendering your Policy
Your policy will acquire a surrender value after all due premiums for at least two full policy years are paid. The Guaranteed Surrender Value is a percentage of Total Premiums paid plus the surrender value of accrued regular bonuses less any assured payout already paid or deferred. The Guaranteed Surrender Value will vary depending on the premium paying term and the year the policy is surrendered.

Your policy will also be eligible for a Special Surrender Value. The surrender value payable will be the higher of Guaranteed Surrender Value or Special Surrender Value. The policy shall be terminated once the Surrender Value is paid. Please ask your financial advisor for an illustration of the Special Surrender Values applicable to your policy or refer to your policy contract for further details. Kindly refer to the policy contract on the website for the surrender value table.

Taking a Policy Loan
You may take a loan against your policy once it has acquired a surrender value. The minimum loan amount is ₹ 5,000 and the maximum is 85% of your surrender value. We shall charge interest on the outstanding loan balance at a rate declared by us from time to time based on then prevailing market conditions. Assured Payout will be reduced by the outstanding policy loan instalments, if any. Any outstanding loan balance will be recovered by us from policy proceeds due for payment and will be deducted before any benefit is paid under the policy. Should the outstanding policy loan balance equal or exceed the surrender value of your policy at any time, when your policy is in reduced paid up status, then the policy shall be terminated without value. Note that prior to this happening, we shall give you an opportunity to repay all or part of your outstanding loan balance in order for your policy to continue uninterrupted. If your policy is in fully paid up status or premium paying (in force) and your outstanding policy loan balance equals or exceeds the Surrender Benefit then on that date, your policy shall not be foreclosed.
Free-Look Period
You will have the right to return your policy to us within 15 days (30 days in case the policy issued under the provisions of IRDAI Guidelines on Distance Marketing2 of Insurance products) from the date of receipt of the policy. We will refund the premium paid once we receive your written notice of cancellation (along with reasons thereof) together with the original policy documents. We will deduct proportionate risk premium for the period of cover and expenses incurred by us on medical examination and stamp duty charges while issuing your policy.

2Distance Marketing includes every activity of solicitation (including lead generation) and sale of insurance products through voice mode, SMS electronic mode, physical mode (like postal mail) or any other means of communication other than in person.

Grace Period & Revival
If you are unable to pay your premium by the due date, you will be given a grace period of 30 days and during this grace period all coverage under your policy will continue. If you do not pay your premium within the grace period, the following will be applicable:

• In case you have not paid premiums for two full years, then all benefits under your policy will cease immediately.
• In case you have paid premiums for at least two full years, then your policy will continue on a Reduced Paid-Up basis.

You can revive your policy for its full coverage within five years from the due date of the first unpaid premium by paying all outstanding premiums together with interest as declared by us from time to time and by providing evidence of insurability satisfactory to us. Upon revival, your benefits shall be restored to their full value.
