ABSLI Wealth Secure Plan is a non-participating unit-linked life insurance plan. All unit-linked life insurance plans are different from traditional insurance plans and are subject to different risk factors. The name of this plan and that of the segregated funds do not in any way indicate the quality of the plan or future returns.

In this plan, the investment risk in the segregated funds chosen by you is borne by you. Segregated funds are subject to investment risks and unit prices may go up or down reflecting the market value of the underlying assets. Past performance is no guarantee of future results.

Your Choices

1. **Basic Premium⁽¹⁾** – The amount you commit to pay regularly during the premium paying term. Your Basic Sum Assured will be determined based on the basic premium amount you commit to pay in a policy year.
2. **Basic Sum Assured** – Is the death benefit payable on the death of the life insured. The minimum Basic Sum Assured is your Basic Premium payable in a policy year multiplied by:
 - The higher of 10 or the number of years to attain age 70 divided by 2, for entry ages below 45; or
 - The higher of 7 or the number of years to attain age 70 divided by 4, for entry ages 45 and above

Based on your insurance needs, you can increase the amount of protection by opting for 150%, 200%, 250% or 300% of the minimum Basic Sum Assured. For e.g., if the minimum Basic Sum Assured is ₹5,00,000 then you can increase it to ₹15,00,000 under the 300% option.

You are allowed to decrease your Basic Sum Assured anytime after the premium paying term provided it meets the minimum Basic Sum Assured criteria as defined under this plan or as per by the prevailing regulations.

3. **Pay Mode** – You can pay basic premium in monthly, quarterly, semi-annual or annual instalments. Please ask your financial advisor for details about the range of convenient payment methods we offer.
4. **Investment Options** – You have a choice to invest your money in the ‘LifeCycle’ Option, the ‘Systematic Transfer’ Option or the ‘Self-Managed’ Option. LifeCycle Option is for individuals who would like their investments to alter over time based on their age and risk profile. Systematic Transfer Option is for individuals who would like to eliminate the need to time one’s investments in the market. Self-Managed Option is for individuals who would like to have control over their investment.

You may wish to invest additional amounts as top-up premiums anytime during the policy term as long as all due basic premiums have been paid. The minimum top-up premium is ₹5,000 and at any point the total top-up premiums paid cannot exceed the total basic premiums paid to date. Top-up Sum Assured will be the top-up premium being paid multiplied by:

- 125% if the attained age of the life insured is less than 45 years; or
- 110% if the attained age of the life insured is 45 years or more

Your Sum Assured⁽²⁾ under the plan is the total of Basic Sum Assured and Top-up Sum Assured.

The Basic Premium and any Top-up Premium net of premium allocation charges will be used to purchase units in the various segregated fund(s) offered under this plan and as chosen by you. The units purchased in the segregated fund is the monetary amount allocated to the segregated fund divided by its then prevailing unit price.

Basic Fund Value is equal to the number of units pertaining to basic premiums allocated to the segregated fund(s) chosen by you multiplied by its then prevailing unit price

Top-up Fund Value, if any is equal to the number of units pertaining to top-up premiums allocated to the segregated fund(s) chosen by you multiplied by its then prevailing unit price

Fund Value under this plan is the total of Basic Fund Value and Top-Up Fund Value, if any. The Fund Value represents the total value of your investments to date and is the balance of all units allocated to the segregated fund(s) chosen by you multiplied by its then prevailing unit price.

⁽¹⁾ Where the life insured and proposer/policyholder is different, on death of the proposer/policyholder the premiums will not be automatically waived off. The legal heir/s of the proposer/policyholder has to continue paying premiums to maintain the policy.

⁽²⁾Sum Assured is reduced for partial withdrawals as explained later.

Your Benefits

-  **Guaranteed Additions** – in the form of additional units will be added to your policy:
 - On 10th policy anniversary and on every 5th policy anniversary thereafter. Guaranteed Addition is 2.00% of the total premiums paid in the last 60 months
 - In addition on 11th policy anniversary and every policy anniversary thereafter. Guaranteed Addition is 0.20% of the average Fund Value in the last 12 months

After the completion of 5 policy years, non-negative residual additions, if any, shall be credited to the policy in order to meet the maximum reduction in yield as in Regulation 37 of IRDAI (Linked Insurance Products) Regulations, 2013.

 **Death Benefit⁽³⁾** – In the unfortunate event the life insured dies while the policy is in effect, we will pay to the nominee the greater of:

- Basic Fund Value as on date of intimation of death; or
- Basic Sum Assured

In addition, we will also pay the greater of:

- Top-up Fund Value as on date of intimation of death; or
- Top-up Sum Assured

The Sum Assured will be reduced by the partial withdrawals made from as follows:

- Before the life insured attains the age of 60, the Sum Assured payable on death is reduced by partial withdrawals made in the preceding two years
- Once the life insured attains the age of 60, the Sum Assured payable on death is reduced by all partial withdrawals made from age 58 onwards

However, the minimum Basic Sum Assured payable on death after partial withdrawals shall never be less than Basic Premium multiplied by 10.

Death benefit shall never be less than 105% of total premiums paid to date (excluding GST).

In case where the death of the Life Insured takes place prior to risk commencement date, only the basic premiums paid (excluding GST, if any) shall be payable as the Death Benefit.

 **Surrender Benefit** – in case of emergencies, you can surrender your policy to us anytime during the policy term. Any such surrender will be treated according to the complete withdrawal as mentioned in Policy Discontinuance section.

⁽³⁾In case of death of the life insured, if life insured is different from the proposer/policyholder, the proposer/policyholder will receive the policy proceeds.

Your Investment Options

Under ABSLI Wealth Secure Plan, you decide how to invest your premiums in one of the three investment options - LifeCycle Option, Systematic Transfer Option or the Self-Managed Option. At any time after one year while your policy is in effect, you can change your investment option.

Life Cycle Option

Under the LifeCycle Option, your portfolio will be structured as per your age and risk profile – all you need is to decide on your risk profile – **Conservative, Moderate or Aggressive**. Your portfolio will then be managed and administered by us, saving you the time and effort involved. We automatically shift your investments from riskier assets to safer assets progressively with your age.

We will invest your premiums between the two segregated funds, Maximiser (Equity Fund) and Income Advantage (Debt Fund) in a predetermined proportion based on the selected risk profile and your age when the premium is invested. Details about these two funds are explained later.

The proportion invested in Maximiser (Equity Fund) will be according to the schedule given below – the remaining amount will be invested in Income Advantage (Debt Fund):

Risk Profile	Age (years)					
	1 - 30	31 - 40	41 - 50	51 - 60	61 - 70	71+
Conservative	50%	40%	30%	15%	0%	0%
Moderate	70%	60%	50%	35%	20%	5%
Aggressive	90%	80%	70%	55%	40%	25%

For example: If person A aged 35 years, opts for LifeCycle Option and a moderate risk profile, then based on the age and the risk profile the investment portfolio will change with time as below:

Age (years)	Percentage of investments in	
	Maximiser	Income Advantage
31-40	60%	40%
41-50	50%	50%
51-60	35%	65%
61-70	20%	80%
71+	5%	95%

You can change your risk profile at any time with no additional cost. All premiums paid from that point onwards will be invested in the Maximiser and Income Advantage according to your new risk profile.

We will automatically rebalance your investment portfolio on each policy anniversary to ensure that it maintains the predetermined proportion in Maximiser and Income Advantage as per the risk profile you have selected at no additional charge.

Systematic Transfer Option

The Systematic Transfer Option safeguards your wealth against the market volatilities and is available only if you have opted for annual mode. Under the Systematic Transfer Option, your premium (net of premium allocation charge) shall be first allocated to Liquid Plus fund option and thereafter 1/12th of the allocated amount shall be transferred to a segregated fund(s) of your choice. You may choose up to a maximum of four segregated fund out of Enhancer, Creator, Multiplier, Super 20, Pure Equity and Value & Momentum for your premiums to be transferred to. The transfers to your chosen segregated fund(s) will take place monthly on 1st, 8th, 15th or 22nd of the month as selected by you.

This option helps mitigate any risk arising from volatility and averages out the risks associated with the equity market, reducing the overall risk to your portfolio.

For example: If person A aged 35 years, opts for Systematic Transfer Option with transfers on 15th of every month to Super 20:

Premium/s net of premium allocation charges will be allocated in Liquid Plus Fund and thereafter on 15th of every month, 1/12th of initially allocated amount shall be automatically transferred to Super 20 Fund.

Self-Managed Option

Self-Managed Option gives you access to our well established suite of 15 segregated funds, complete control in how to invest your premiums and full freedom to switch from one segregated fund to another.

Our 15 segregated funds range from 100% debt to 100% equity to suit your particular needs and risk appetite – Liquid Plus, Income Advantage, Assure, Protector, Builder, Enhancer, Creator, Asset Allocation, Magnifier, Maximiser, Multiplier, Super 20, Pure Equity, Value & Momentum and Capped Nifty Index. If you wish to diversify your risk, you can choose to allocate your premium in varying proportions amongst the 15 segregated funds. We record your allocation instructions as per the premium allocation percentages specified in the application form. Our only requirement is that the percentage allocated to any segregated fund be in increments of 5%, ranging from 5% to 100%.

To meet your ever changing investment needs, you have full flexibility to redirect future premiums by changing your premium allocation percentages at any time. You also have full flexibility to switch monies from one segregated fund to another at any time provided the switched amount is for at least ₹5,000.

If all the due installment premiums are still unpaid then we will discontinue the policy on the date we receive intimation from you that you have exercised one of the two options (a) or (b) above or the date you are deemed to have completely withdrawn, whichever is earlier.

On discontinuation of the policy the risk cover will cease and the Policy Fund Value less the discontinuance charge will be transferred to the Linked Discontinued Policy Fund. The Linked Discontinued Policy Fund will earn the actual return (less a fund management charge of 0.50% per annum.) or a minimum guaranteed interest rate (which currently is 4% p.a.) whichever is higher.

If you have chosen the option (a) above to revive the policy and you do not revive the policy within the revival period then the policy will be terminated on the date corresponding to your fifth policy anniversary or at the end of revival period, if later and the policy proceeds from Linked Discontinued Policy Fund will be payable to you. If you have chosen the option to completely withdraw from the policy or there is a deemed withdrawal then the policy will be terminated on the date corresponding to your fifth policy anniversary and the policy proceeds from the Linked Discontinued Policy Fund will be payable to you.

In the unfortunate event of death of the Life Insured while the policy is discontinued and not yet revived, we will pay the policy proceeds from the Linked Discontinued Policy Fund immediately and terminate the contract.

(B) If all due installment premiums for the first five policy years have been paid fully then choose one of the following option–

- (a) Revive the policy within the revival period by paying all the due installment premiums and continue the policy; or
- (b) Completely withdraw from the policy without any risk cover.
- (c) Convert the policy to paid up policy as per paid up provision without paying any further installment premiums

If we do not receive any intimation from you within 30 days from the receipt of the notice then at the end of the 30 days, you shall be deemed to have chosen the option (b) above to completely withdraw from the policy.

If you have chosen the option (a) to revive the policy, then the policy will continue for full benefits till the end of the revival period subject to deduction of all applicable charges. On failing to pay all due installment premiums and revive the policy, the policy will automatically terminate and the fund value at the end of the revival period will be payable to you. If you have chosen the option (b) to discontinue the policy or there is a deemed withdrawal, we shall terminate the policy on the date we receive intimation from you or at end of the notice period of 30 days whichever is earlier and pay you the policy proceeds.

Under paid-up status the Basic Sum Assured shall be reduced in proportion to the basic premiums actually paid to the total basic premiums payable during the premium paying term.

Revival – You will have two years from the discontinuance date to revive your policy, if you have chosen to revive the policy as explained above in the policy discontinuance section. To revive your policy, you must pay all due and unpaid premiums till date and provide us with evidence of insurability satisfactory to us with respect to the Life Insured. The effective date of the revival is when these requirements are met and approved by us. On the effective date of the revival, we will restore the Sum Assured to its original value, add back the discontinuance charges deducted on the discontinuance date and deduct the premium allocation charge and policy administration charge due since the discontinuance date from the Fund Value and then reinvested at the then prevailing Unit Price(s).

The discontinuance charge applicable on policy discontinuance or surrender is as follows:

Policy Discontinued	For BP upto ₹25,000	For BP more than ₹25,000
In Policy Year 1	Lower of 20% of BP, 20% of FV, ₹3,000	Lower of 6% of BP, 6% of FV, ₹6,000

With the approval from the IRDAI we may at any time close an segregated fund available in your policy. We will inform you in writing of such closure no later than 60 days before we actually close the segregated fund.

Allocation / Redemption of Units

On each business day, the instructions for investing in or encashing units from an segregated fund must be received and accepted by 3.00 p.m. Instructions accepted by us up to the cut-off time are executed using the unit price determined at the end of that business day. Instructions accepted by us after the cut-off time will be executed using the unit price determined by us at the end of the next business day.

Instruction to invest is deemed accepted by us when we receive cash, demand draft or local cheque at any of our offices by duly authorized officials. For outstation cheque, instruction to invest is deemed accepted by us only on the day we receive credit in any of our bank accounts.

The number of units allocated equals the monetary amount invested in an segregated fund divided by its unit price at that time. Units are allocated when we receive a premium, when guaranteed additions are added to the fund value or when we execute your request to switch units from another segregated fund (as applicable to your policy).

The number of units redeemed equals the monetary amount encashed from an segregated fund divided by its unit price at that time. Units are redeemed when we execute your request for a partial withdrawal or when we execute your request to switch units to another segregated fund (as applicable to your policy).

On each monthly processing date, policy charges will be covered by redeeming units from all segregated funds under your policy in proportion to their value at that time.

Unit Price

On each business day and for each segregated fund, we determine the unit price by dividing the net asset value (NAV) of the segregated fund at the valuation time by the number of units in existence for the segregated fund in question. We publish the unit price of all segregated funds on our website www.adityabirlasunlifeinsurance.com.

The net asset value (NAV) is determined based on (the market value of investments held by the fund plus the value of any current assets less the value of any current liabilities & provisions) divided by (the number of units existing at valuation date before creation or redemption of any units)

Exclusions

We shall pay the Fund Value as on date of death (plus any charges recovered subsequent to date of death) in the event the life insured dies by suicide, whether medically sane or insane, within one year after the issue or revival date, whichever is later
