Fund Snapshot

Objective: The Objective of the fund is to provide blend of fixed return by investing in debt & money market instruments and capital appreciation by predominantly investing in equities of fundamentally strong and large blue chip companies.

Strategy: The fund option will invest at least 40% and maximum of 60% in fundamentally strong and large blue chip companies and minimum 40% in Debt and money market Instruments. The Strategy of the fund is to build and actively manage a well-diversified equity portfolio of value & growth driven stocks by following a research-focused investment approach. While appreciating the high risk associated with equities, the fund would attempt to maximize the risk-return pay-off for the long-term advantage of the policyholders. The fund will also explore the option of having exposure to quality mid cap stocks. The Fund Manager would endeavor to outperform the benchmark. The non-equity portion of the fund will be invested in high rated debt and money market instruments and fixed deposits.
