### Your Benefit Illustration

Some benefits are guaranteed and some benefits are variable with bonuses based on the future performance of the participating business and economic conditions. If your policy offers guaranteed returns then these will be clearly marked “guaranteed” in the illustration table on this page. If your policy offers variable returns then the illustrations on this page will show two different rates of assumed future investment returns. These assumed rates of return are not guaranteed and they are not the upper or lower limits of what you might get back as the value of your policy is dependent on a number of factors including future

performance of the participating business. In the illustration below, the Sum Assured is fully guaranteed. The total death benefit is not guaranteed and is determined using assumed future investment returns of 4% and 8% as set by the Life Insurance Council.

### Your Options

#### Paying Premiums

Please ask your financial advisor or visit our website to determine the premium rate applicable for your policy.

You may choose to pay your premium annually, semi-annually, quarterly or monthly as per your convenience. For annual and semi-annual payments, we give a premium rebate of 3.0% and 1.5% respectively.

### Sum Assured Rebate

For higher Sum Assured, we also offer a premium rebate as follows.

Sum Assured Band*	Band 1	Band 2	Band 3	Band 4

\*as explained earlier

### Surrendering your Policy

Your policy will acquire a surrender value after all due premiums for at least three full policy years (two years for premium paying term less than 10 years) are paid. The Guaranteed Surrender Value is a percentage of premiums paid (excluding any premiums paid towards underwriting extra and GST) plus the surrender value of accrued regular bonuses less any assured payout already paid or deferred. The Guaranteed Surrender Value will vary depending on the premium paying term and the year the policy is surrendered.

Your policy will also be eligible for a Special Surrender Value. The surrender value payable will be the higher of Guaranteed Surrender Value or Special Surrender Value. The policy shall be terminated once the Surrender Value is paid. Please ask your financial advisor for an illustration of the Special Surrender Values applicable to your policy or refer to your policy contract for further details. Kindly refer to the policy contract on the website for the surrender value table.

### Taking a Policy Loan

You may take a loan against your policy once it has acquired a surrender value. The minimum loan amount is ₹5,000 and the maximum is 85% of your surrender value. We shall charge interest on the outstanding loan balance at a rate declared by us from time to time based on then prevailing market conditions. Assured Payout will be reduced by the outstanding policy loan instalments, if any. Any outstanding loan balance will be recovered by us from policy proceeds due for payment and will be deducted before any benefit is paid under the policy. Should the outstanding policy loan balance equal or exceed the surrender value of your policy at any time, when your policy is in reduced paid up status, then the policy shall be terminated without value. Note that prior to this happening, we shall give you an opportunity to repay all or part of your outstanding loan balance in order for your policy to continue uninterrupted. If your policy is in fully paid up status or premium paying (in force) and your outstanding policy loan balance equals or exceeds the Surrender Benefit then on that date, your policy shall not be foreclosed.
