OTHER FEATURES

You may take a loan against Your policy after completion of first Policy Year, once the Policy has acquired Surrender Value. The minimum loan amount is Rs.5,000 and the maximum is 80% of the then applicable Surrender Value less any outstanding policy loan plus all accrued but unpaid loan interest as on that date. On exercising this option, Your policy shall automatically get assigned to the company to the extent of the outstanding policy loan balance.

Where the policy is in-force (premium paying) or fully paid-up and the outstanding policy loan and interest on the outstanding loan up to the date of death or survival benefit or maturity benefit or surrender at any time is equal to or exceeds the then prevailing Surrender Value, We shall send a notice, 90 days in advance, to You to repay the loan amount along with the interest.

Policy Loan

For other than in-force and fully paid-up policies, on the date the outstanding policy loan and interest on the outstanding loan up to the date of death or survival benefit or maturity benefit or surrender exceeds the Surrender Value, ABSLI shall send a notice, 90 days in advance, to the Policyholder to repay the loan amount along with the interest. In case the Policyholder fails to respond to the notice, the policy will be terminated.

Any payment of a proceed against Death, Survival Benefit or Maturity Benefit provisions or as a Surrender Value shall be reduced by any outstanding policy loan balance at that time and the residual value shall be payable. We shall be issuing the loan re-payment schedule at the time You opt for the loan against policy.

We shall declare the Loan Interest Rate applicable to all policies under this product on June 1st of every calendar year and is equal to the base rate of the State bank of India plus 100 basis points (i.e. absolute 1%). The interest rate applicable as on June 1st, 2024 is 11.25%p.a. (compounded).

Any change in basis of determination of interest rate for policy loan can be done only after prior approval of IRDAI.
