## YOUR BENEFITS

### Death Benefit

#### For Single Life

In case of the unfortunate demise of the life insured during the policy term, the Sum Assured on Death will be paid to the nominee in 10 equal annual installments.

Sum Assured on Death will be highest of:

- Sum Assured as an absolute amount to be paid on death; or
- 105% of the Total Premiums Paid up to the date of death; or
- 10 times of the Annualized Premium

**“Total Premiums Paid”** means total of all the premiums received, excluding any extra premium, any rider premium and taxes.

On acceptance of the death claim we shall pay immediately the first annual installment of the Sum Assured on Death along with the excess amount, if any, of Sum Assured on maturity plus accrued Guaranteed Additions over the Sum Assured. The subsequent annual installments shall be paid on each death anniversary of the Life Insured starting from the first death anniversary till the ninth death anniversary. If the date of acceptance of the death claim is one year or more after the date of death, the first payment made shall include all instalments due up to the date of acceptance.

In case the nominee would like to get a lump sum payment instead of the annual installments, we will pay the discounted value of the outstanding annual installments as a lump sum. The discounted value currently shall be calculated using an interest rate of 8.25% per annum for all Premium Paying Terms. This interest rate is subject to change in future with prior IRDA of India approval.

In case where the death of the Life Insured takes place prior to risk commencement date, only the premiums paid to date (excluding applicable taxes) shall be payable as the Death Benefit.

#### For Joint Life

Under this option, two lives i.e. you (primary life insured) and your spouse (secondary life insured) are covered under the same policy and also jointly own the policy. The sum assured applicable for your spouse shall be equal to 20% of your applicable sum assured. You can opt for this option at the inception of the policy subject to the attained age of primary life insured & secondary life insured is less than or equal to 50 years. No rider can be opted under this option and this option cannot be discontinued except due to the unfortunate demise of either of the lives who are insured.

Unfortunate death of the primary life insured prior to the secondary life insured:

- Death benefit shall be paid in annual installments to the spouse (secondary life insured) and the same can be opted as lump sum payment as explained above.
- Secondary life insured will become the sole policyholder and receive the maturity benefit.
- Life cover for the secondary life insured will continue without any future premiums to be paid.
- On subsequent death of the secondary life insured during the policy term the applicable death benefit shall be paid to the nominee as a lump sum. On maturity date the maturity benefit shall be paid to the nominee.
