Note: The above illustration has been provided assuming that all due premiums under the policy have been paid and assuming the date of death is coinciding with the policy anniversary.

Note: In all the above scenarios, 4% p.a. and 8% p.a. are only assumed investment returns and are not guaranteed.

Some benefits are guaranteed and some benefits are variable with returns based on the future performance of your insurer carrying on life insurance business. If your policy offers guaranteed benefits then these will be clearly marked "guaranteed" in the illustration table on this page. If your policy offers variable benefits then the illustrations on this page will show two different rates of assumed future investment returns. These assumed rates of return are not guaranteed and they are not the upper or lower limits of what you might get back, as the value of your policy is dependent on a number of factors including future investment performance. Premiums are exclusive of GST.

TAX BENEFITS

Please note that all the tax benefits are subject to tax laws prevailing at the time of payment of premium or receipt of benefits by you. It is advisable to seek an independent tax advice.

SURRENDER / PREMIUM DISCONTINUANCE / POLICY REVIVAL TERMS

1. What happens when You surrender the policy?

The policy can be surrendered only after it has acquired a Surrender Value. A Surrender Value is available upon receipt of all premiums due in the first policy year. You can surrender the policy any time during the Policy Term once the policy has acquired a Surrender Value.. Where one full year premium for the first policy year has been received and the Policyholder opts to surrender the policy at any time, the Surrender Value payable will be equal to the Special Surrender Value. Where the Policyholder opts to surrender the policy in the first policy year, the Surrender Value will be payable only at the end of the first policy year.

However, where all the due instalment premiums for the first two policy years have been received, the Surrender Value payable will be equal to the higher of Guaranteed Surrender Value and Special Surrender Value.

The Surrender Value payable will be higher of Guaranteed Surrender Value (GSV) and Special Surrender Value (SSV).

Where,

Guaranteed Surrender Value (GSV) is defined as:

(Guaranteed Surrender Value Factor multiplied by Total Premiums Paid) Plus (Guaranteed Surrender Value Factor multiplied by accrued Paid Up Additions, (if any)) Minus (survival benefits already paid).

Special Surrender Value (SSV) is determined by the company from time to time basis changing economic scenario. The Company may revise the SSV factors based on the then prevailing market conditions. Any change in the methodology/formula for calculating the SSV factors shall be subject to IRDAI approval.

In the event of surrender of an in-force policy, if the Special Surrender Value is out of line with asset share, ABSLI may apply a Surrender Terminal Bonus, in addition to the Special Surrender Value calculated above, to increase the payout accordingly.

2. What happens when You discontinue paying Your premiums?

In case the premium is not paid by the due date, You will be given a Grace Period of thirty (30) days from the due date for payment of each premium for all premium paying modes except for monthly mode, where a Grace Period of only fifteen (15) days will be allowed. During this Grace Period, Your risk cover will continue.

In case the premium is not paid by the expiry of the Grace Period, the following provisions will apply:

A) Discontinuance of Payment of Premium before the policy has acquired Surrender Value

If You don't pay the due premium during the Grace Period, on expiry of the Grace Period, the Policy shall Lapse w.e.f. the due date of unpaid premium, and all benefits under the policy, including the insurance cover, shall cease and no benefits shall be payable, however, You will have the option to revive the Policy within 5 years from the due date of first unpaid premium.

B) Discontinuance of Payment of Premium after the policy has acquired Surrender Value

If You don't pay the due premium during the Grace Period, on expiry of the Grace Period, the policy shall become Reduced Paid Up (RPU) policy.

After the policy has become RPU, the benefits payable will be amended as follows:

The RPU Sum Assured and RPU Guaranteed Income Benefit shall be equal to the Sum Assured and Guaranteed Income Benefit respectively, multiplied by the RPU Factor,

where the RPU Factor is the ratio of:

- The number of premium instalments paid to date; over
- The total number of premium instalments originally payable during the Premium Payment Term

a) Death Benefit for RPU Policies:

In the event of death of the Life Insured dies during the Policy Term, the RPU Death Benefit will be as follows:

- Short Term Income:

The nominee(s)/beneficiary will be paid the RPU Sum Assured on Death in a lump-sum. The policy will not terminate, and RPU Guaranteed Income Benefit shall continue to be paid on the due dates. Also, accrued Paid Up Additions (if any), till the date of the policy becoming an RPU policy, shall be paid at end of Policy Term.
- Long Term Income/Whole Life Income:

The nominee(s)/beneficiary will be paid the RPU Sum Assured on Death along with accrued Paid Up Additions (if any) till the date the policy became an RPU policy. Upon payment of the above RPU Death Benefit, the policy will terminate.

The "RPU Sum Assured on Death" will be the Sum Assured on Death multiplied by the RPU factor, subject to minimum 105% of Total Premiums Paid up to the date of death.

b) Survival Benefit for RPU Policies:

In the event the Life Insured survives till the end of the Premium Payment Term, RPU Guaranteed Income Benefit as per the Benefit Option and Benefit Payout Frequency chosen shall be paid to the Policyholder during the Benefit Payout Period.

c) Maturity Benefit for RPU Policies:

In the event the Life Insured survives to the end of the Policy Term, the accrued Paid Up Additions (if any), shall be payable as Maturity Benefit. Under Whole Life Income Option, in addition to the above, the RPU Sum Assured will be payable at policy maturity.

Reduced Paid Up policies will not participate in future bonuses. Once the policy becomes RPU, all rider benefits will cease. Please note that the option to make withdrawals from the accrued Paid Up Additions, (if any) or switching to taking a Cash Value of Paid Up Additions option will not be allowed in case the policy has been converted into a Reduced Paid-up policy.

3. What happens when You wish to revive Your policy?

You can revive Your policy within a revival period of five years from the due date of first unpaid premium, subject to following conditions:

- Paying all outstanding premiums together with interest and/or late fees as declared by us from time to time.
- Providing evidence of Life Insured's insurability satisfactory to us
- Revival of the policy shall take effect only after revival of the policy is approved by Us basis the Board Approved Underwriting Policy and communicated to You in writing.

Once the policy has been revived, on the effective date of revival, all benefits will be restored to their full value.

The monthly interest rate charged on unpaid premiums will be declared by ABSLI on June 1st of each calendar year and is determined as $(x+1\%)/12$ rounded to the next 0.5%, where x is the base rate of the State Bank of India. The current applicable compound interest rate, as declared on June 1st, 2024, is 1% per month (compounded).

Any change in basis of determination of interest rate for revival can be done only after prior approval of the Authority. If a lapsed policy is not revived within five years, the policy shall be terminated, and no value is payable to You.
