11. Segregated Fund

A segregated fund is a specific and separate fund managed for the exclusive interest of all policyholders sharing the same segregated fund.

The company has sole discretion on the investment and management of each segregated fund within the limits defined in Schedule A given below. The allocation of units in the segregated fund under this policy is notional and is solely for the purpose of determining the Policy Fund Value.

12. Investment Risk

An investment by you in any segregated fund is subject to market and other risks. Other than the explicit guarantees provided by us, there is no assurance that the objectives of any segregated fund will be achieved.

The unit price of any segregated fund may increase or decrease as per the performance of the financial markets. The past performance of any segregated fund offered by us in this policy or otherwise does not indicate the future performance of any segregated funds. The name/s of the segregated fund/s and that of the policy do not in any way indicate the quality of the returns that can be expected from the segregated fund/s.

The company will manage the investment mix of each segregated Fund according to Schedule A given below.

13. Segregated Fund Valuation

We usually determine the value of each segregated fund at the end of every business day. The Net Asset Value (NAV) is determined based on (the market value of investments held by the fund *plus* the value of any current assets *less* the value of any current liabilities & provisions) *divided* by the number of units existing at valuation date (before creation or redemption of any units)

This unit price will be published on our company's website.

14. Segregated Fund Unit Allocation and Unit Redemption

On each business day, the cut-off time is 3 p.m. by which time we must have received and accepted your instructions to invest in, or encash units from an segregated fund. Instructions accepted by us up to the cut-off time are executed using the unit price we determine at the end of that business day. Instructions accepted by us after the cut-off time will be executed using the unit price determined by us at the end of the next business day.

Instruction to invest is deemed accepted by us when we receive cash, demand draft or local cheque at any of our offices by duly authorized officials. For outstation cheque, instruction to invest is deemed accepted by us only on the day we receive credit in any of our bank accounts. The number of units allocated equals the monetary amount invested in a segregated fund divided by its unit price at that time. Units are allocated when we receive a premium or when we execute your request to switch units from another segregated fund (as applicable to your policy).

The number of units redeemed equals the monetary amount encashed from an segregated fund divided by its unit price at that time. Units are redeemed when we execute your request for a partial withdrawal or when we execute your request to switch units to another segregated fund (as applicable to your policy). In case of partial withdrawals, units will be redeemed from all segregated funds under your policy in proportion to their value at that time.

On each Monthly Processing Date, policy charges will be covered by redeeming units from all segregated funds under your policy in proportion to their value at that time. In case a Guaranteed Addition is added to your policy, units will be allocated to all segregated funds under your policy in proportion to their value at that time. For the purpose of this paragraph, we will use the latest unit prices available.

Termination of your policy, for any reason, will result in the redemption of all units in all segregated funds under your policy at the time.
