SEGREGATED FUND PROVISIONS

Investment Option

You have five investment options to choose from – Smart Option, Systematic Transfer Option, Self-Managed Option, Return Optimiser Option or LifeCycle Investment Option.

Annualized Premium (net of Premium Allocation Charge) will be used to purchase Units in the Investment Option chosen by You. The Units purchased in any Segregated Fund is the monetary amount allocated to that Segregated Fund divided by its then prevailing Unit Price.

(1) Smart Option

Under the Smart Option, Your portfolio will be structured as per the Maturity Date and risk profile. We will invest the Annualized Premiums between the two Segregated Funds – Maximiser (equity fund) and Income Advantage (debt fund) in a predetermined proportion based on the selected Maturity Date and risk profile. Thereon, We will manage and administer the investment portfolio on Your behalf. Over time the allocation is managed such that it will automatically switch from riskier assets to safer assets progressively as the Policy approaches the Maturity Date.

The proportion invested in Maximiser (equity fund) will be according to the schedule given below– the remaining amount will be invested in Income Advantage.

Outstanding Policy Years to Maturity Date	Risk Profile and Exposure in % to Segregated Funds					
	Aggressive		Moderate		Conservative	
	Maximiser	Income Advantage	Maximiser	Income Advantage	Maximiser	Income Advantage
16-20	50%	50%	40%	60%	30%	70%
11 – 15	35%	65%	25%	75%	15%	85%
6 – 10	15%	85%	10%	90%	5%	95%
5	0%	100%	0%	100%	0%	100%

In case You alter the Policy Term, the investment in the Maximiser and Income Advantage Segregated Funds shall be rebalanced at the next Policy Anniversary as per the revised outstanding Policy years to the Maturity Date.

You may request in writing to change Your risk profile at any time with no additional cost, which will then be effective from the next policy anniversary. All Annualized Premiums paid from that point onwards will be invested in the Maximiser and Income Advantage Segregated Funds according to Your new risk profile.

We will automatically rebalance the investment portfolio on each Policy Anniversary to ensure that it maintains the predetermined proportion in Maximiser and Income Advantage as per the risk profile selected by You, at no additional charge.

(2) Systematic Transfer Option

Under the Systematic Transfer Option, You have to choose at inception the transfer frequency i.e. monthly basis or weekly basis. In this option, Instalment Premiums net of Premium Allocation Charge are initially invested in the Liquid Plus Fund. Thereafter, in case of monthly transfer, every month 1/12th and in case of weekly transfer, every week 1/48th of allocated amount will be transferred to a Segregated Fund of Your choice.

You may choose up to four Segregated Funds out of Income Advantage, Enhancer, Creator, Maximiser, Multiplier, Super 20, Value & Momentum, Capped Nifty Index, MNC, ESG and Small Cap for the Instalment Premium to be transferred to. You can decide on the proportion to be invested in each of these Segregated Funds in increments of 1% from 5% to 100%.The total allocation across all funds must be 100%.

The transfer to the chosen Segregated Fund will take place monthly on the 1st, 8th, 15th or 22nd of every month and weekly transfers will take place on the 1st, 8th, 15th and 22nd of the month as selected by You. The following must be taken into consideration by You:

- (a) Systematic Transfer Option is available only if the mode of premium payment is annual.

- (b) It is free of any charge and may be availed at inception of the Policy or at any Policy Anniversary.
- (c) You may opt out of this option and switch into other Investment Options at any time after one year while the Policy is in effect which will then be effective from the next policy anniversary.
- (d) Fund switching for the Segregated Funds on which Systematic Transfer Option is active is not allowed.
- (e) You cannot choose to change the Segregated Fund into which the Instalment Premium is transferred or the date on which transfers are done every month/week within Systematic Transfer Option.
- (f) If the Policy is revived / reinstated with Systematic Transfer Option active in it, the amount to be transferred to the chosen Segregated Fund will remain same as 1/12th or 1/48th of one allocated Instalment Premium and on the last date of transfer of the Policy Year the balance amount left in the Liquid Plus Segregated Fund shall be transferred.
If You do not specify the transfer frequency and any Segregated Fund or date of transfer for monthly transfer in the Proposal Form then it will not be in force until You provide Us these instructions in writing.

(3) Self-Managed Option

Under this option, the Annualised Premiums will be invested in the Self-Managed Option that offers 18 Segregated Funds ranging from 100% Debt to 100% Equity – Liquid Plus, Income Advantage, Assure, Protector, Builder, Enhancer, Creator, Magnifier, Maximiser, Multiplier, Super 20, Pure Equity, Value & Momentum, Capped Nifty Index, MNC, Asset Allocation, ESG and Small Cap.

You may decide on the proportion to be invested in each of these Segregated Funds in increments of 1% from 5% to 100%. You have full flexibility to redirect future Annualized Premiums by changing the premium allocation percentages at any time. You can also switch monies from one Segregated Fund to another at any time provided the switched amount is for at least Rs. 5,000. The following must be taken into consideration by You:

- (a) Self-Managed Option may be availed at policy inception or at any time after one year while the Policy is in effect.
- (b) You may opt out of this option at any time after one year, which will then be effective from the next policy anniversary while the Policy is in effect.

(4) Return Optimiser Option

Under Return Optimizer Option, all the Annualized Premiums (net of Premium Allocation Charges) are invested in Maximiser Segregated Fund and it will be tracked every day for each policyholder for a pre-determined upside movement of 10% or more over the net invested amount (net of all Charges). In the situation where the gain from the Maximiser Segregated Fund reaches 10% or more of the net invested amount, the amount equal to the appreciation will be transferred to the Income Advantage Segregated Fund at the prevailing Unit Price. This ensures that the gains are protected from any future market volatilities.

While the gain is less than the pre-determined upside movement of 10%, the Policy Fund Value will continue to remain in the Maximiser Segregated Fund and no transfers will be made to the Income Advantage Segregated Fund.

(5) LifeCycle Option

Under the LifeCycle Option, Your portfolio will be structured as per Your Age and risk profile and You are only needed to decide Your risk profile from Conservative, Moderate or Aggressive. Your portfolio will then be managed and administered by Us, saving You the time and effort involved. We automatically shift Your investments from riskier assets to safer assets progressively with Your age.

We will invest Your Annualized Premiums (net of Premium Allocation Charges) between the two Segregated Funds, Maximiser (Equity Fund) and Income Advantage (Debt Fund) in a predetermined proportion based on the selected risk profile and Your Age when the premium is invested.
